

FRAMECOM™

EXPERIENCE THE BENEFITS OF A CNC ROUTER TODAY WITHOUT HAVING TO OWN ONE!

- Decreased production time
- Reliable and accurate parts consistently
- Maximum material usage
- Doesn't call in sick
- 22' X-AXIS, 5' Y-AXIS, 12" Z-AXIS

At FRAMECOM, we utilize the latest in CAD/CAM and CNC technology to bring you an efficient and cost effective solution to your needs.

We can machine:

- Solid wood
- Melamine, MDF, HPL and other composite panels
- Solid surface
- Phenolic
- Plastic and more!

Whether it's working with you to design a product, or machining parts you've already designed, FRAMECOM is here to help you decrease your production time and increase your bottom line. Your imagination is the limit.

We offer:

- CAD/CAM design services
- Prototype/limited production and repetitive production
- CNC machining of 32mm/RTA cabinet parts based on your specifications
- Furniture parts
- Nested based manufacturing
- 2-3 day turnaround on most items
